SAFETY WARNING

- 1) Ensure that this cabinet is placed on a level floor.
- 2) Do not place one cabinet on top of another with an exception for topbox units. For configurations discuss with authorised dealer.
- 3) Always load from the base up and unload from the top down
- 4) Load each fitting evenly, ensuring that the recommended load is not exceeded. For your own safety ensure they are not overloaded.
- 5) All roll-out accessories should be fitted on the lower half of the unit
- 6) Do not stand on internal fittings as this may cause personal injury and could damage the unit.
- 7) Always ensure that the side tambour doors are treated with care. do not force open or closed.
N.B. check that no obstructions have fallen into the tambour guide track.

CLEANING & CARE

We recommend you clean your unit with warm water and a mild detergent solution. A damp cloth can be used to remove dust particles.

N.B. constant polishing will alter the finish by increasing the gloss level.

LOCKS & KEYS

Each unit is supplied with two keys. The locks are from a mastered series with 200 alternative lock differs.

N.B. Master keys are only available to authorised personnel

GUARANTEE

Your guarantee is supplied as part of your conditions of sale. If you are unsure please contact your authorised distributor.

REPLACEMENT PARTS

Please refer to your Guarantee, under the terms & conditions of the above, contact your nearest authorised dealer, who will examine the faulty part and arrange for a replacement to be fitted.

N.B. do not attempt to remove or replace parts.

QUALITY & TESTING
